

Treehouse Learning Community

A Part-Time Class and Community for Homeschoolers located in Georgetown, TX

Open House Days Fri., April 17th and Sat., May 23rd

Treehouse Learning Community aims to provide consistent community and rich group experiences for homeschoolers. Home learning is enhanced and strengthened through circle time, math rhymes, rhythm games, songs, movement, cooperative games, nature walks, painting, fiber arts, and other chosen work. We prioritize time for students' social growth through child-led projects and child-directed play.

We meet on Tuesday and Thursday mornings - with one group for children ages 4-6 and one for children ages 6-9. **We are considering adding a third group for 4-6 year olds on Wednesdays** in Fall 2015. Families can choose to attend one or two days per week. More details can be found on our website: <http://treehouselearningcommunity.blogspot.com/>

Enrollment for the 2015-2016 School Year opens April 17th to children who, in September, will be between the ages of 4 and 9 (with one multi-age group for children 4-6 and another for children 6-9). We continue to add groups from year to year so that our older kids do not have to leave the program, but can continue on with friends their age.

Because consistency of community is our goal, we like to meet and talk with each family prior to enrollment to make sure our community is a good fit. **If you are interested in enrolling a new student this fall, please email Traci McGrath at lovewins77@gmail.com** to schedule a meeting during our Open House days, or to set up an alternate time. We look forward to meeting you!

What Parents are Saying:

"My 6 yr. old daughter absolutely loves Ms. Traci and "Miss Traci's Class", as she calls it. She really enjoys interacting with the other children, learning in a group, and, of course, art! I like the way that Traci introduces learning to the children through songs, rhymes and rhythm. My daughter learns very well this way. The children have a great variety of activities that foster a love of learning!"

- Cindy (Liberty Hill)

"Things I love about Treehouse:

Building Community - seeing the same friends every week, structure and fun.

The smile my daughter has on her face at the end of class.

Learning - Leta is bridging the idea that crafts are not just for fun. I see her learning and soaking up the knowledge that is hidden inside the crafts.

Physical Exercise - Free play time and playground with friends is invaluable, we just can't do that at home.

Price - I'm pleased with what we are getting for the price point.

-Julia (Cedar Park)

"I think what makes this group experience so wonderful for our family is the way the kids are encouraged to treat each other with understanding and kindness. The environment is about peaceful interaction, exploring and wonder. Being a kid is easy here, because they are learning in such a way where all of their senses are tapped! My kids love going and think the world of the staff! The small group is a safe place to learn. Our kids are learning how to figure things out, and how to have fun acting, singing and working together. They are learning about what they can do to make the world a better place in not only how they treat others, but that "school" can be more than sitting at a desk and doing worksheets. We are so impressed with what they are experiencing!"

- Liz (Round Rock)
